

# JERSEY CITY PUBLIC SCHOOLS

*“WHERE CHILDREN ARE ALWAYS FIRST”*

**The Jersey City Public School District is “on the move”  
making steady strides toward sure success!**

Jersey City, located approximately 3 miles west of New York City, is a large metropolitan area with a small town feel. It is comprised of many ethnically and racially diverse cultures and continues to expand to include the changing population.

Jersey City Public Schools services approximately 30,000 students with approximately 3,000 in a wide variety of programming options (i.e. magnet schools for academics, gifted and talented, visual and performing arts, career academies and others).

All schools are effectively focused on improving teaching and learning through the accomplishment of the New Jersey Core Curriculum Content Standards (NJCCCS) and continue to meet the benchmarks set for student achievement.
